

Dear Sirs,

We would like to introduce you the **ACCES Project**, a 24 months project aimed at **facilitating job placement within a company, especially for the most vulnerable people**. The **ACCES Project** has been developed by different European Partners from France, Spain, Greece, Italy, and the Netherlands, and it is funded by the European Commission under the Lifelong Learning Programme.

The **ACCES Project** has developed a unique method of orientation for people who have just been incorporated into their job, and its objective is to test the performance of this method in all the participating member countries, in order to get answers and to help directly job placement.

For more information about **Acces Project**, do not hesitate to request information at the e-mail address: direccion@ipfinternational.com
